# The Instructions

1. Find the brightest daylight room in the house. Open curtains and turn off any house lights.
2. Next, clear a table and bring it close to the window. If too sunny diffuse the light with net curtains or greaseproof paper.
3. Place a household object on the table.
4. Compose a square picture, making the image 'high-key' which basically means bright.
5. Practice on anything to begin with.
6. Choose objects that look good or unusual from above.
7. Now, attempt to think of different objects or fragments you have found, fit into *themes*.
8. Name your series based on this theme.
9. Publish nine images online on the flickr app or Instagram with relevant tags.
10. Reflect on the process
