

Isolated Writing Exercise

The Virtual Travel Writer [Short Brief]

Write a story based on a live view of a place you've never been to...

- 1) Find a webcam from <https://www.webcamtaxi.com/en/map.html> preferably with some kind of modest activity happening in it
- 2) Stay with it all day, or at least once per hour
- 3) Make a list of events or observations over an eight hour period
- 4) Refine the list into sentences
- 5) See if themes emerge
- 6) Refine the sentences into paragraphs
- 7) Play with your text, take it 'for a walk' in your mind
- 8) Make 5-6 paragraphs or around 300 words
- 9) Make sure your writing is economical and clear
- 10) Save it as a text file. If you can print it out, place it in your house
- 11) Or, record it as a voice-piece and upload it to a free soundcloud.com account.
- 12) Optional, see if you can contact someone from the place you've made work about and start a dialogue.
